Dear Mr. Noble:

This letter is prompted by our discussions concerning the possibility of reaching some agreement with the Commission concerning the facts relevant to the Commission's investigation in the above-referenced matter. As we have discussed, I am hopeful that we can find a way to ease the financial burdens on both the Commission and my clients of a lengthy investigation and also to reach a faster resolution of this matter. In the hopes of having a productive discussion with your office concerning this, we are requesting additional time to respond to the Commission subpoenas and reason to believe finding in this matter.

As you know, the bulk of the documents regarding the DNC and Clinton/Gore ads and payment records, including tapes, scripts, station documents, wire records, checks and reconciliations, have already been produced to the Commission. With respect to the interrogatories and document requests propounded to the individual respondents, we believe that it may be possible to find a faster and better way of obtaining the information the Commission seeks. Thus, we seek an extension of time on behalf of each of our

clients pending Commission approval of further discussions with your office regarding a faster resolution of this matter.

If you have any questions, please do not hesitate to contact me. We appreciate your willingness to consider a method of reaching a faster resolution of this matter.

Sincerely,

Lyn Utrecht
